

There are certain things that are **ESSENTIAL** to life: air, water, food, shelter, clothing and protection. Some people would add to that list: coffee and chocolate.

What we notice is missing more and more from this list is "Church". As leaders in the Church, many of us feel that "Church" is **ESSENTIAL**, but in the U.S. about 60-75% of our population disagrees.

At Leadership Summit 2010, we are going to spend time looking at what it's going to take for Church to become **ESSENTIAL**. Remember, there is nothing more important than for individuals to get into a partnership and relationship with Jesus Christ. That is why we here at BMZ Church do what we do...

Experiences at the 2010 BMZ Leadership Summit....

Contemporary Worship. Experience contemporary worship ideas that you can incorporate into your worship design. The use of multi-media, visual aids, music selection, and other tools have become an essential part of BMZ.

Radical Hospitality. Learn how to make your church a place where people love to be. Extreme hospitality is a needed element to any church. Discover ways to take guests to that next step and assimilate them into church life.

Essential Youth. Discover keys to making missions an essential part of your middle and high school youth and how in return, the youth become an essential part of your church.

Children's Education. Our children are an essential part of our church. Find ways to amp up your Sunday School and VBS program. We have found that children can be a vessel to help their parents to also find church to be essential.

Participating Membership. Church membership has gone through a variety of changes over 2,000+ years - a church once growing is now slowly dying. What can we do to change this? Correct thinking regarding our membership is where to begin. 'Participation Membership' is an essential key to turning church around. Pastor Rom Pegram & Beth Schlueter will be here to tell you why!
